Commissioner for Patents
Washington, D.C. 20231

Sir:

In response to the "Notice to File Missing Requirements under 35 U.S.C. § 371," mailed by the United States Patent and Trademark Office on February 1, 2002 (copy attached). The period of time for response has been extended until July 1, 2002, by the accompanying Petition and fee.

Applicants note that the requirement for submission of the Oath or Declaration contained in the “Notice to File Missing Requirements under 35 U.S.C. § 371” is incorrect, as Applicants submitted the Declaration with the initial filing of the above-referenced application on November 28, 2001. A courtesy copy of the Executed Declaration (24 pp., signed in counter-part) is enclosed.

Applicants wish to clarify the apparent discrepancy between the named inventor Chandra Patterson on the PCT Transmittal and the current Declaration for the U.S. National Phase application.

Applicant/Inventor Chandra Patterson was her correct name at the time the PCT application was filed. Since then, she has married and changed her name to Chandra Arvizu. Since the latter was her name at the time she executed the Declaration, she properly signed using that name.

The Applicants believe that no fee is due with this communication. However, if the Commissioner determines that additional fees are due or that an excess fee has been paid, the Commissioner is authorized to debit or credit (respectively) Deposit Account No. 09-0108.

If there are any questions regarding the above, the Examiner is invited to call the undersigned.

Respectfully submitted,
INCYTE GENOMICS, INC.
